Mr. W. Desmond Booth

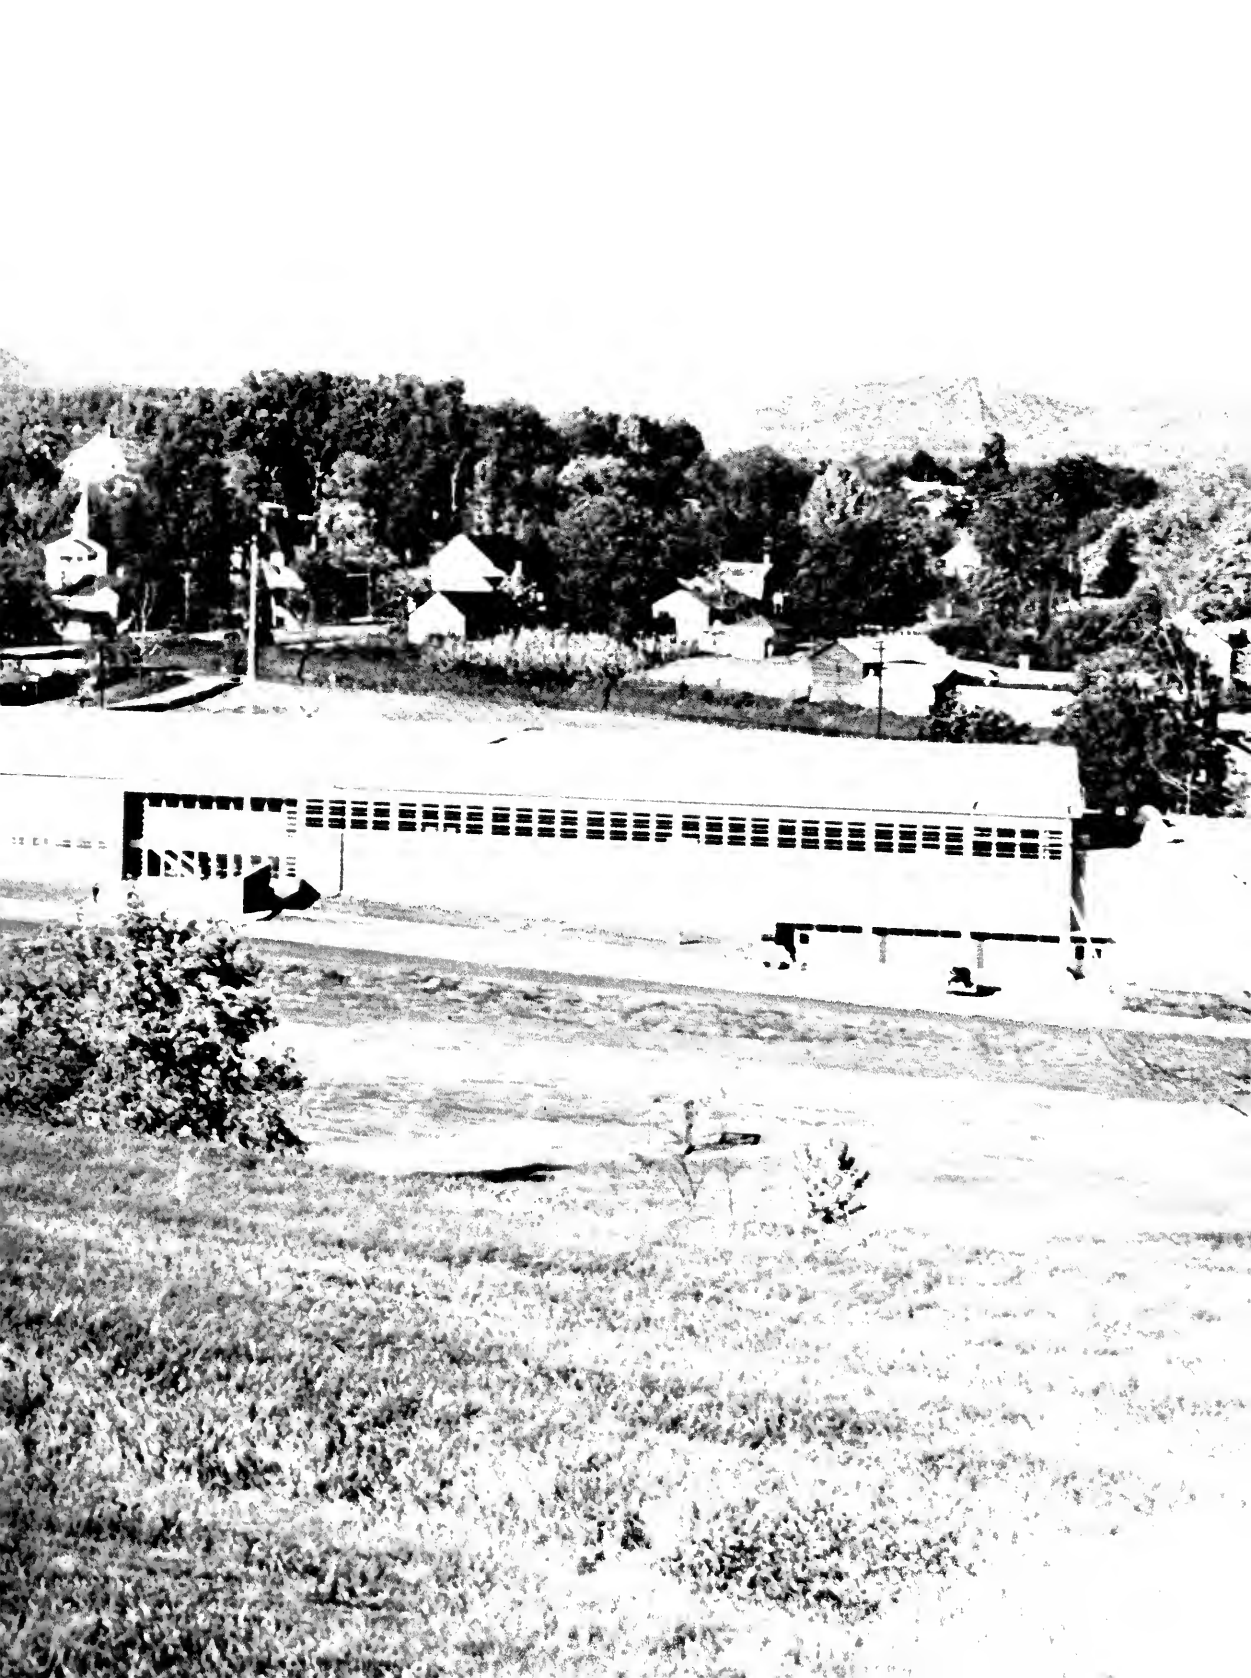

“Colonel” Booth

Dedication

We pay tribute to a man who is a friend to all who know him. He is one who loves his students and understands them. Their joys and sorrows, their achievements and ambitions are his main interests. To a timid freshman he is *Patience*; to a searching sophomore he is *Understanding*; to an anxious junior he is *Guidance*, and to a hopeful senior he is *Encouragement*. Because we recognize him as a man who is devoted to us, the Cyclops staff of 1961 proudly dedicates this yearbook to

"Colonel" Desmond Booth

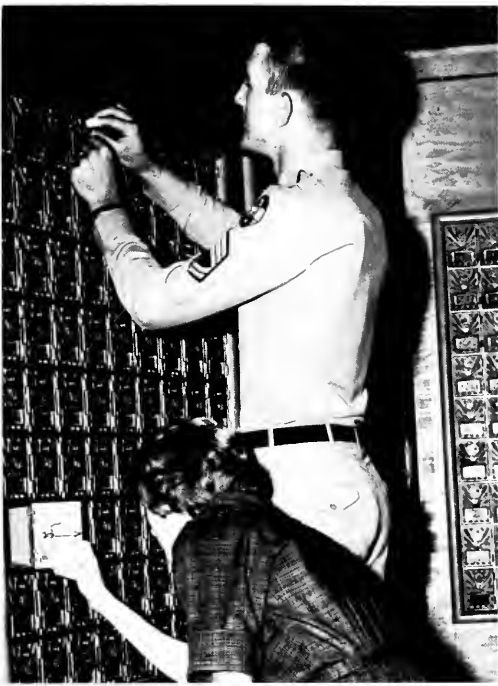

But let my due feet never fail
To walk the studious cloister's pale...

Il Penseroso, Milton

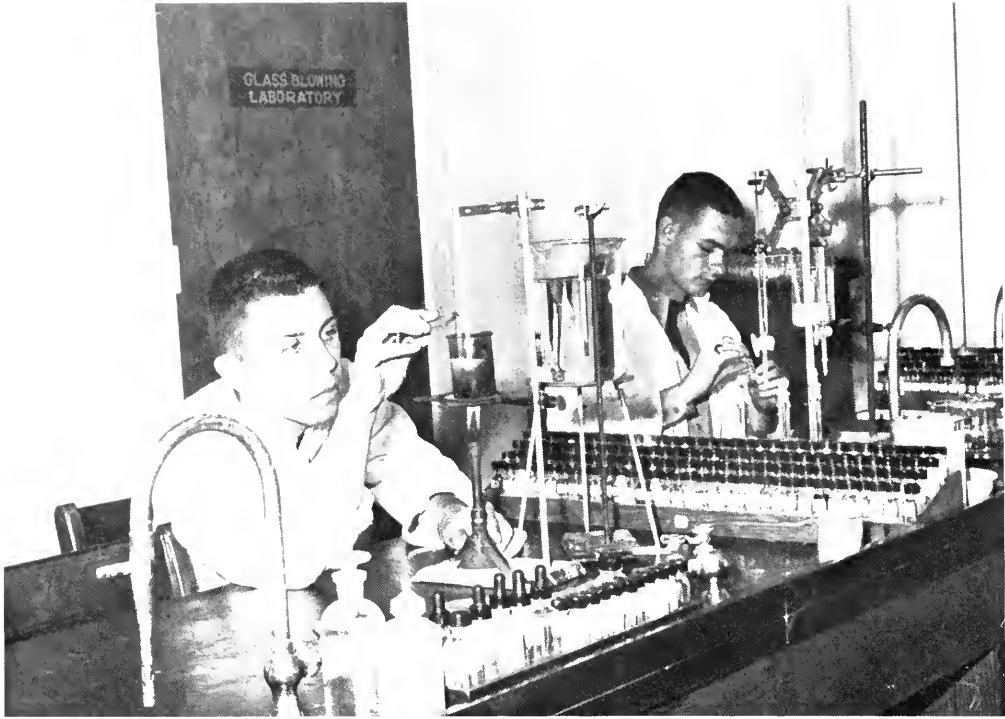

Feet leave footprints . . .

With the opportunities offered at N.G.C. the cadets and co-eds find themselves well prepared to step out into the future. May their footsteps, taking them on to great achievements in the various fields of . . .

... science,

business,

military,

homemaking, and

literary arts . . .

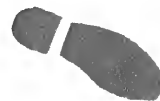

. . . leave footsteps in these
cloistered halls!

The guiding, directive,
encouraging footsteps of the . . .

The Blue Ridge Rifles

First squad: Meyers, Ginn, Wells, Norris, Ginn, Flowers, Scruggs, Hudson. *Second squad:* Johnston, Malcolm, Benefield, Greene, Lynch, Healy, Still. *Third squad:* Cannon, Mitchner, Elliot, Bunch, Bussey, Bennett, Burden, Cates. *Fourth squad:* Branch, Douglas, Johnston, Sutton, Blanks, Strickland, Bell. *Drill Master:* Whitney, Guidon Bearer: Alverson.

The Blue Ridge Rifles, an elite, precision drilled organization, was formed for the purpose of demonstrating to the public the military proficiency of the corps of cadets of North Georgia College. It does just that by performing in many parades and for special visiting dignitaries.

The Blue Ridge Rifles took its name from a group of volun-

teers from the Dahlonega area which was formed to protect this area during the War Between the States. To qualify for membership one must have the desire to be a member of a precision drilled organization. This desire must be reinforced by the qualities of leadership, exceptional attitude, good personal appearance, and an academic average of "C" or better.

"A" Company means different things to different people. To some it's the big, bright "A" atop the hill; to others it's the dance in the dayroom, or the red jersey on the football field. But to an Alpha Company man, it means a great deal more. The letter "A" usually means "first" both in the alphabet, and here at North Georgia College, the gleaming array of trophies held by Alpha seems to support that fact.

"A" Company stands for enthusiasm, friends, and happy memories that will always be a part of our lives. Being at North Georgia College is quite an experience; being in "A" Company makes it a happy one.

To those of us who make up the small integral parts of company Bravo, there is a value to the teamwork and cooperation we know that is beyond explanation in these few words. Bravo is more to us than a body of sixty-three men under one roof. These men only fit together to form a unit which, when we have long forgotten each others' names, will live in our memories of N. G. C.

So, when the final points are tallied, if we finish in first or seventh place, that little extra something that we feel we have gained by being part of Bravo won't let us ever change our minds as to the answer when we hear "What's the best company on the campus?"

What intangible is it that molds a group of young men with many different backgrounds and ideas, into a closely-knit, well-disciplined Company with that one-for-all and all-for-one attitude? Possibly no one can define this intangible, but everyone who is in contact with Charlie Company will testify that it surely exists.

Our trophy case and our consistency of being the Company to excel in everything from ping pong to Honor Company itself is characteristic of the never-ending effort of the men of the "Big Charlies" to make their Company the best at N. G. C. On the other hand, Charlie Socials, which are second to none in the minds of all, are indicative of the fun-loving attitude of the men named "Charlie" in their off-duty hours.

Down through the years, Able has changed to Alfa and Baker has changed to Bravo, but Charlie is still Charlie. Why not? Anyone knows you can't improve on perfection!

When the Command "D" Company fall in" is given every morning at 6:30 A.M., the best men with the highest morale on the North Georgia College campus fall in ranks. These Delta men are most easily recognized by their high *esprit de corps*, good appearance, and qualities of good leadership.

At each function, whether sport or social, in which Delta participates, all who can are there to participate or cheer for their company. Under the able leadership of Cadet Captain Whitehead and Cadet First Lieutenant Ireland, Delta is a sure bet for honor company for 1960-61.

Sweetheart

No words can express the pride, loyalty, and cooperation which have been exemplified by this year's Company Echo. Within this unit, there is something that has never before been found in any other company since the beginning of North Georgia College. This is an intense feeling of pride in every heart, from the recruit to the company commander.

The men of Company Echo realize that they are a very important part of North Georgia College. Full participation in all activities: socials, athletics, military, and scholastic achievement, makes it evident to the eyes of the whole campus that Company Echo is tops.

Among the companies of N.G.C., there exists a high degree of competition. We in Foxtrot are especially aware of competition. The men in this company are proud of their company. To us there is nothing better than Company F.—and there isn't.

As in our daily endeavors we attempt to exhibit all the traits required of the best; we hope this spirit instilled in our men continues in their graduate levels, and that they will always remember Foxtrot.

The Scabbard and Blade is a National Military Honor Society with local chapters called companies in 131 leading colleges and universities having Reserve Officers Training Programs. Here at North Georgia College we have Company "I" of the 12th Regiment.

The Scabbard and Blade is an elite organization composed of selected seniors who excel both in military and academics, and whose desire and purpose is to supplement the training program of the military department. This is done by helping and working with the underclassmen so that they will be better prepared to meet the requirements of Summer Field Training at Fort Benning each year.

Summer Camp

During this past summer, North Georgia College had a constituent of seventy-five cadets who attended the general military science camp at Fort Benning, Ga. The basic purpose of this encampment was practical application of military tactics and field training.

Our representatives made an outstanding and enviable record, as has been the case in past years. In the opening camp ceremony and at the final formal review, NGC cadets were in command of the brigade. The final evaluation revealed that three of the eight companies had a cadet from this institution ranked as number one. North Georgia College was the only school to have more than one first place.

Some of the areas in which our cadets excelled are as follows:

Cadet Leadership (rated by other cadets): First Place

Job Performance: Also First

Field Problems Test: Third

Total Camp Leadership: Another First

The final overall camp grade by institution again found North Georgia College in first place over thirty-seven colleges and universities of the Third Army.

Flight Training

Left to right: Ireland, Whitehead, Melton, Miller, Watson, Sales.

This is the third class to be in the R.O.T.C. flight program at North Georgia College. This group of elite Cadets was selected on a basis of flight aptitude and physical fitness.

This program consists of thirty-six and one-half hours of flight time and thirty-five hours of ground school. Successful completion of the program results in recommendation for further training as a military pilot by the Federal Aviation Administration and subsequent qualification for further flight training at the Army Aviation center, Fort Rucker, Alabama. Cadets may also earn their Private Pilot's license upon the successful completion of this course.

All cadets in this program were selected on the basis of flight aptitude tests, U.S. Army Aviation Physical Examination, and academic standing.

The hours spent in preparation and study as well as actual flying time take a lot out of a cadet, but the final result is well-worth the time and effort. The prestige of those silver wings means a lot!

Editor: LEE BRADLEY

This edition of the Cyclops has been a great challenge to all those who have had part in its publication. Slowly, step by step, photographs were made, layouts were drawn, copy was typed, deadlines were met, proofs were checked, and finally, the book was delivered. Step by step, our goal was accomplished; our aspirations were fulfilled, and our reward was realized.

The Cyclops Staff of 1961 hopes that this yearbook will furnish you with memories of your walk through college life. It is our earnest desire that this annual present to the Student Body, Faculty, and Staff of North Georgia College a memorable picture of the footsteps in our cloistered halls.

Varsity Tennis Team of 1960

Pictured here are Weyman Tison and Pat Quigley, two of North Georgia's outstanding tennis players.

The North Georgia Tennis team were the GIAC Champions for 1960. They were undefeated in conference play. Mercer was the only team able to defeat the Cadets, giving them a total of eleven games won and one lost. All players of the '60 team except Artley returned for the '61 season. For this reason we can expect an equally good team for the '61 season.
